

HANA AWAD

User experience designer,
frontend developer and architect

HELLO!

- ▶ Hi! My name is Hana Awad, I come from Egypt and I am 28 years old. I am a passionate interface, experience designer, frontend developer and an architect from Alexandria, Egypt Living in Copenhagen, Denmark.
- ▶ Being an architect, I have contributed to many exciting projects that have fulfilled me creatively, but the thought of combining code and architecture was always in my subconscious. The idea of incorporating the two worlds of design excites me.
